FIFTY50™

FIFTY50™

Fifty50™ Day and Night roller blinds are made with specially woven fabric combining sheer and opaque panels which pass over each other creating light diffusing or room darkening effects. Giving a sleek and practical way to control light and manage privacy, Fifty50 roller blinds are available in a selection of beautiful tones, textures and prints, perfect for any interior.

Motorisation available with:

OPTIONS

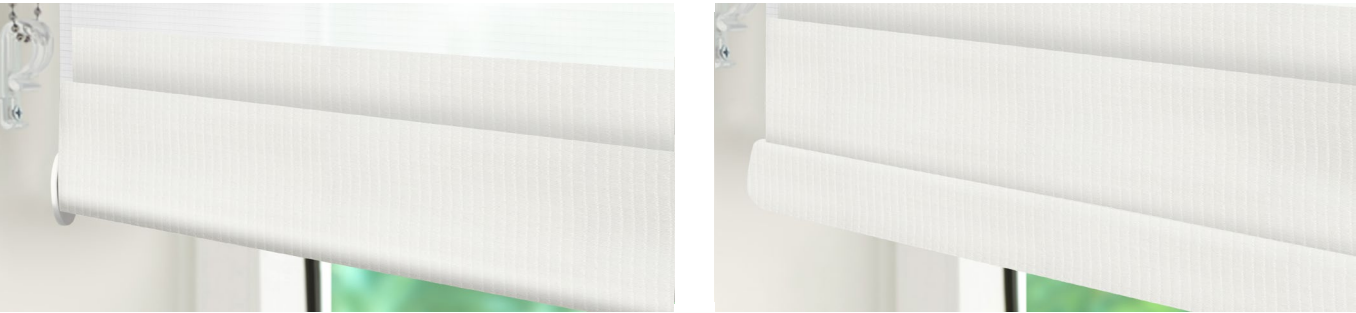

HEADING STYLE

Fifty50™ Day and Night roller blinds are offered with a classic finish, or you have the option to upgrade your blinds by choosing our EVO cassette – to give a sleek and stylish finish. The EVO cassette can be covered with matching fabric or is available in 3 metal finishes: white, silver and anthracite (surcharges apply).

BOTTOM BAR OPTIONS

Fifty50™ Day and Night blinds are offerered with a choice of bottom bars. Our classic bottom bar is an aluminum cylinder which sits neatly in the loop at the bottom of the blind. It creates a discreet finish and keeps the bottom of the blind sit nicely. Upgrade to the EVO bottom bar which conceals the cylinder; available in white, silver and anthracite metal or covered in matching fabric.

OUR RANGE

Browse our wide range of Fifty50™ fabrics; featuring blackout, textures, jacquards and digitally printed designs.
